MOTIF

The Motif designs were created by Jennifer Plaster, one of the many talented artists that work at Pratt & Larson. These stunning new designs were influenced by the traditional Cuenca technique of using elegant raised lines to create recurring shapes, forms and pattern.

The Motif line consists of 9 unique 6x6 designs along with corresponding accent borders and 2x2 decos.

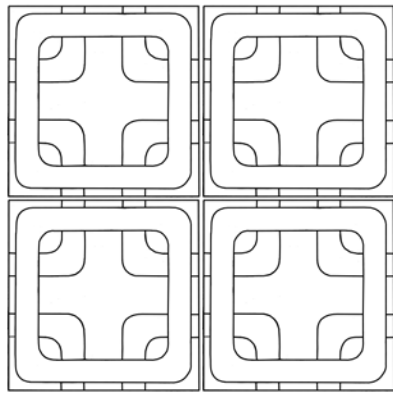

Motif 6x6 designs are in the Group C Bas Relief price group. Borders and 2x2 decos are in the decorative price group.

Motif can be ordered as monochrome in any of our existing glaze colors. Motif can also be polychromed- this technique is called "Colorfill". At this point in time Colorfill is only available using the Watercolor glaze series. Choose from any of our preselected Colorfill combinations (p.10) or customize your design using the custom Colorfill palette (p.11). Simply use a Motif line drawing to diagram your preferred color placement. Choose up to 4 colors from this palette and we'll produce a sample for approval prior to production.

Motif is available to order immediately. Please contact your customer service representative with any questions.

As always, we thank you for your continued support and efforts in representing Pratt & Larson.

STANDARD WATERCOLOR COLORFILLS

Motif may be ordered in any of our Standard Colorfill combinations as shown below in Motif Pattern H. Color placement for these Colorfills is pre-determined by Pratt & Larson. Some of the Motif patterns will not accommodate using all of the colors included in a standard Colorfill combination. Please ask your customer service rep for a *Colorfill Placement Guide* to see how the other Motif Patterns look in each of the of the standard Colorfills. Color placement may also be customized; please provide us with a line drawing specifying your preferred placement.

WATERCOLOR CUSTOM COLORFILL PALETTE

Motif patterns can be produced as monochrome in any of our existing glaze colors.

Motif can also be polychromed- this technique is called “Colorfill”. At this point in time Colorfill is only available using the Watercolor glaze series. Choose from any of our preselected Colorfill combinations (see previous page) or customize your design using the palette below. Simply use a Motif line drawing to diagram your preferred color placement. Choose up to 4 colors from this palette and we’ll produce a sample for approval prior to production.

The colors shown on this 6x6 palette are intended to be used for the Motif Colorfill process; they are not available as field tile. See pages 11 & 13 for compatible field color suggestions.
