

CASTELLO

Grand Tour Collection

Artistic Tile's Grand Tour Collection begins with Castello, an incredible innovation in stone tile. Reminiscent of the studded trunks that accompanied European nobles on their adventures, Castello brings this aesthetic roaring back into the modern era. An intricate mix of machine carving, metal inlaying and hand finishing creates a seamless integration of stone and metal.

Stocked in Bianco Carrara with Silver, Castello reintroduces a refinement and class that's been lost for generations.
