WESTWIND

Offered in a rich and moody black blend, Westwind's triangles and bisected pyramids create a bold and intricate geometry. Honed Grey Foussana limestone and Grafite, Arabescato Orobico, and Silverwave marbles are given extra intensity with the inclusion of textured Nero marble and linear brass accents. Westwind was inspired by the custom mosaic created by the gifted kitchen designer Richard Anuskiewicz for Artistic Tile's working kitchen at our Showroom & Slab Gallery at the Nashville Design Collective.
