BROOKLYN Collection

Brooklyn Collection was inspired by the industrial and artistic ambience of Brooklyn City, where different cultures and architectural styles generate worldwide buzz.

The soft cement look but rough and textured feel makes Brooklyn perfect for any modern and contemporary interiors. Strength and durability of the hard stone can be found behind the softness of six neutral colors. The smooth honed surface creates a sleek and clean appearance, but for more edgy and grunge interiors Brooklyn also offers textured finish. Bring a part of Brooklyn into your new architectural design.
