

# SOLEIL

Meet Soleil: A circular burst of lines, meticulously carved in deep green serpentine or elegant black marble. To create the repeating pattern each piece should be rotated 90 degrees clockwise, forming an orbit of two interlocking circles. Choose to embrace its natural grace by installing Soleil unfilled, or pick a contrasting or metallic grout to further define this stellar pattern. Both colorways are offered in 16" x 16" x 3/8" tile with a honed finish.
